

# RXM REEL STANDS

## RAPID AND SECURE REEL SET UP

### ELIMINATE LOOSE PIECES AND THE NEED FOR ADDITIONAL TOOLS DURING SETUP

#### SAFETY

- Open head design removes risk of spindle detachment as compared to other open head models.

#### ERGONOMIC

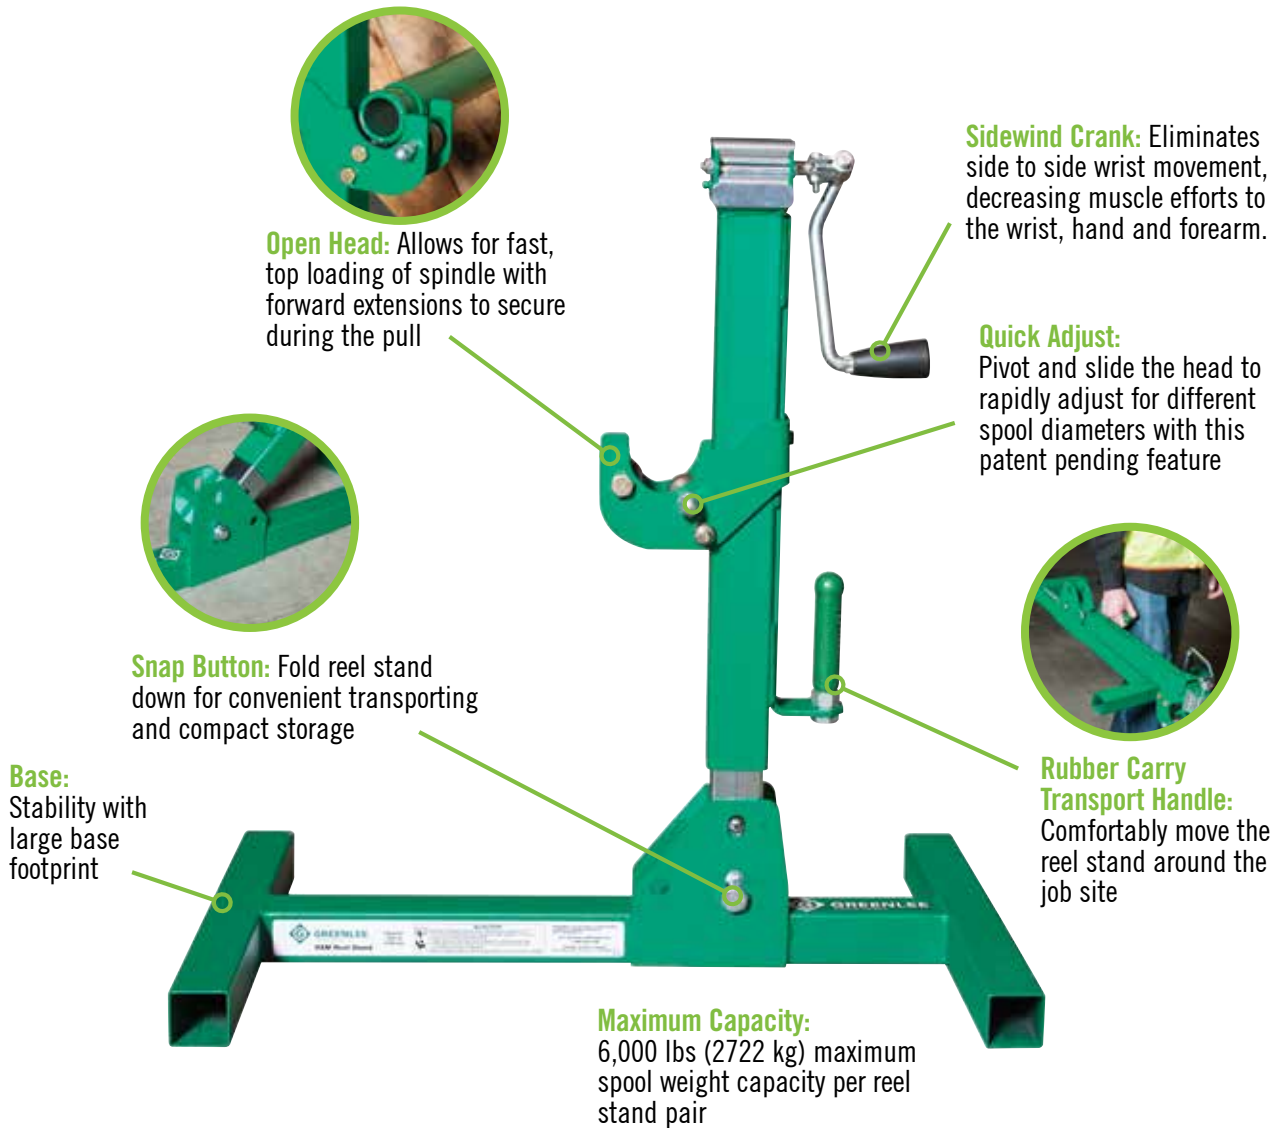

- Sidewind crank decreases muscle efforts to the wrist, hand and forearm.
- Easier to use when at max capacity.

#### FLEXIBILITY

- Interchangeable left and right usage.
- Compact design and weight allow for easy transport and less lower leg injury.

FASTER, SAFER, EASIER®
